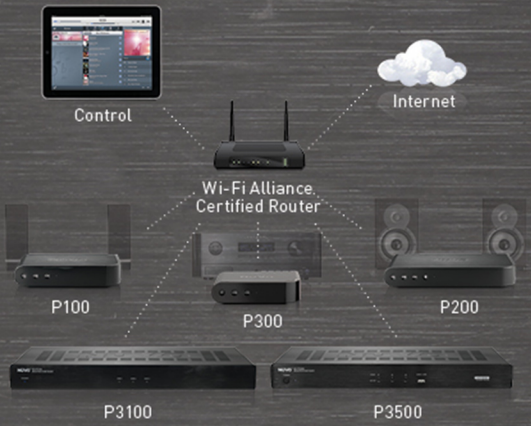
Nuvo®

Fill your home with
high fidelity music.

For a truly custom home
audio experience.

Connect



The Legrand Player Portfolio starts with any Wi-Fi Alliance certified router, allowing the players to communicate with one another, access music from the network, and stream audio from countless online options. To start the fun, simply connect a player to your home network and your favorite speakers. Easily expand the system by adding players in other zones, too.

Control

Nuvo Player App

Legrand makes getting right to the music you love easy with the Nuvo Player app. The app automatically displays your favorite music services and artists for fast, simple browsing. In an instant, you have the world of music right at your fingertips.

P10 Keypad

The Nuvo P10 Keypad adds a new layer of convenience to any Player Portfolio system with reliable control of Play, Pause, Volume, Mute, Track Skip, and more, all from a fixed on-wall location. Plus, with the P10's unique Favorite button, you can immediately access up-to-five preset sources, perfect for getting to the music you love most, fast!

Play

P200 Player

P100 Player

Designed by musicians, our state-of-the-art player amplifiers are optimized for lossless digital signal flow, ensuring that every detail of your music arrives to the speakers just as the artist intended. Easily access your iTunes and Windows Media libraries, streaming online radio stations, and content from your personal devices. Every zone can listen to its own selection or be synchronized. Welcome to your all-access pass to a limitless gallery of music.

Bluetooth DEEZER iHeart RADIO napster PANDORA

Streaming services subject to geographic availability

P300 Player Preamplifier

Ushering in the expansive source variety of Legrand's players, the P300 works with any external high-power amplifier to create a fully functioning zone. Offering all the same benefits and working in conjunction with all other Legrand Player Portfolio components, the preamplifier can conveniently be configured as a wired or wireless component to create the ideal system for your home's needs.

P3100 Professional Series Player

P3500 Professional Series Player

The professional series players deliver the same mastering-grade sound, convenient app control, and incredible digital audio source variety as Legrand's single zone players, but in a unique, rack-mountable, 3-zones-in-1 package. Supplying three simultaneous streams to three separate rooms, while also working in conjunction with the P100 and P200 players for additional zones, the P3100 and P3500 mean enjoying the most customized high-performance solutions, perfect for any home.
